OK, from what I got from this e-mail chain is R3 RA is to provide an update on Dimock on the call - no need for bullets for Mathy.

If I got this wrong, let me know -

Becky, this is a regional responsibility, I am adding in R3 and R8 DDs as a heads up. We should not provide bullets.

Thanks.

Do you know the status of the Dimock/Pavillion update bullets? If there is someone else I should follow up with, please let me know. The bullets do not need to be real detailed. Thanks. Becky

If you can reach out to the appropriate regional folks, that would be great. I need their bullets as soon as possible this morning, as Mathy is already asking. Thank you. Becky

Hi Becky, we believe it is more appropriate for the RA's of the respective Regions to give these updates. We can give Regions 3 and 8 a heads up, if you would all like. Thank you.

Hi Craig -- not sure if you have seen this. From OEM, we just need a few bullets for Dimock/Pavillion. Monday morning is fine. Thank you and have a good weekend. Becky

Reminder that I need bullet points for the annotated agenda for Monday's call with the RAs. The agenda has remained the same as below, with the exception of the Superfund entry, which was clarified. The revised agenda is on the meeting invitation and also attached to this email. Thanks. Becky

Attached (and pasted below) is the agenda for the Monday call with the RAs. I will add the ODs as optional invitees to the call, as you may or may not plan to participate based on the agenda topics. For those offices with topics on the agenda, please provide me with bullets for the annotated agenda by noon on Friday, February 3. Thank you.
